

## Impact Driver Set

Impact drivers are the solution whenever manual power is insufficient and a pneumatic screwdriver is not readily available.

This 17-piece set comes in a surface-preserving, compact and robust fabric box. Lightweight and compact for simplified mobility.

| Impact Driver Set   |  |            |
|---|--|------------|
| Part Number   | Description  | Price Each |
| 05072017055   | Wera impact driver set, 5/16in hex socket drive. 17 pieces. Includes durable cloth pouch. Manufacturer part number 072017. |            |
| <i>Note: Screwdriver bits are warranted against manufacturer defect only.</i> |  |            |

With an Impact driver, the most tightly seized screw can be loosened.

| 05072017055 Contents  |                        |                              |
|---|------------------------|------------------------------|
|  | Impact driver          | 5/16 in hex socket           |
|  | Phillips bits          | PH2, PH3, PH4                |
|  | Slotted bit            | 12                           |
|  | Hex-Plus bits          | 5, 6, 7, 8, 10               |
|  | Torx® bit              | TX30, TX40, TX45, TX50, TX55 |
|  | Square socket adapters | 3/8, 1/2                     |

*Note: Fractional dimensions are in inches.  
Whole and decimal dimensions are in millimeters.*

## Double-curved design

The Wera impact driver has particularly high efficiency thanks to its robust double-curved design. Impact forces are converted into rotary motion, so there is no need to use pneumatic tools.
